## **PREAMBLE**

The aspirations of this Local Union are to construct an organization that shall serve the best interests of all its members and stand as a befitting and recognized monument of the International Association affiliated therewith.

The goals of the International Association and this Local Union are to protect their members from unjust and injurious competition, as well as protect and promote our crafts' interests through unity of action. To secure the unity of action necessary to accomplish our mutual objectives, the International Association and the Local Union have the additional objective of thoroughly organizing those workers employed at our crafts.

As an earnest proof that we entertain a true sense of our obligation, interest and duties toward one another, each member should make himself familiar with the laws herein contained, that he may avoid imposing upon the same, and also be prepared to use his influence on those who do not as yet belong to this Association, or any trade union, but whose only reason for not belonging to it is that the benefits offered have never been fully explained to them.

For the successful accomplishment of the ends desired by this Local Union, and for the due regulation of business connected therewith, this Constitution and Bylaws is hereby framed.

**Sec. B.** Ten days prior to the election, the Financial Secretary shall prepare a list of all eligible voters for the Election Committee. Each member desiring to vote shall present his dues card prior to the time he votes to determine whether or not the member is in good standing. As each member votes his name shall be checked off the voter eligibility list.

**Sec. C.** Any member whose name does not appear on the voter eligibility list because he owes more than two months union dues, including any amount owed for the month in which the election is held, may nonetheless vote in the election if the member pays sufficient union dues to return to good standing prior to the elections, including the day of the election, and this fact is verified by the Financial Secretary and the Local Union's books and records.

**Sec. D.** Any candidate or observer may challenge the decision of the Election Committee that a voter is eligible or ineligible at the time when the Election Committee makes its decision and before the member has voted. The challenged ballots, if any, shall be set aside: Only if the challenged ballots could affect the outcome of the election shall it be necessary to rule on the challenges made. If there are sufficient number of challenged ballots to affect the results of the election, the challenges shall be investigated further by the Election Committee. The Election Committee shall reach a decision on each challenged ballot before any of the challenged ballots are opened.

**Sec. E.** The use of the term "union dues" in this Article shall include all local monthly dues, local and International working dues, local and International assessments and all fines in accordance with Article 23, Section 1 and Article 34, Section 1 of the International Constitution.

A copy of any appeal to the General President must be simultaneously served on the Local Union, for forwarding to the Election Committee. An appeal must clearly and specifically set forth the grounds upon which the protesting member relies. Pending the General President's decision on an appeal, the Local Election Committee's ruling shall remain in effect for all purposes pending the appeal except if the General President otherwise determines or directs.

**Sec. C.** Officers shall be inducted within seven days following the election regardless of the existence or pendency of a protest unless the General President otherwise determines or directs. The induction shall in no way affect or impair a protest or an appeal.

**Sec. D.** Upon receipt of the protest, the General President shall refer it to one of his representatives who shall conduct an investigation and report to the General President. The General President shall then issue a decision, having the right to affirm, reverse, modify or change the decision of the Election Committee or enter any other decision as the facts warrant. The decision of the General President shall be final, binding and conclusive and there shall be no further appeal.

**Sec. Failure to fulfill these obligations shall constitute grounds for the immediate removal of the Local Financial Secretary from office.

**Sec. H.** The Financial Secretary or authorized person shall collect monies due from members, issue members receipts for all monies collected and record the transaction on the Local Union's ledger book and/or records. The Financial Secretary shall be held accountable for the receipt books of the Local Union. Only the Financial Secretary or his authorized agent may make entries into the financial receipt books.

The Business Manager shall also be primarily responsible for filing copies of the Local Union's current collective bargaining agreements and current version of the Local Union Constitution and By-Laws with the General Office of the International Association. The Business Manager shall also be responsible for submitting the Local Union's collective bargaining agreements to the Department of Labor and other government agencies that require certificates of wage rates in various geographic areas. #### Initiation Fee

**Sec. A.** This Local Union shall have the privilege of setting and increasing initiation fees provided that any such action must receive the approval of the General Executive Board. This Local Union shall also have the privilege of giving the new member up to nine months to pay the local initiation fees in full. However, this grace period, if extended, will not affect the new member status as a full member from the date the application is signed and the first International working dues are paid. During the grace period, the new member shall have the full obligation of paying all local dues, and local and International working dues that are normally required for members of the Local and the International.

**Sec. B.** When a new member applies for membership, the Financial Secretary shall immediately forward to the International Association, the new member's completed application form along with the \$75.00 fee to cover the costs of requests or search for records and registration.

**Sec. D.** Any monies received by a Local Union from or on behalf of an individual working under a local, national or any other collective bargaining agreement shall be forwarded to the International Association until the financial obligations, including but not limited to per capita tax and International working dues, are satisfied for that individual each month.

**Sec. E.** If, within the first year of becoming a member of the OPCMIA, an individual transfers into this Local Union and the initiation fee of this Local Union is higher than that of the individual's original Local, the member shall pay the higher initiation fee. This rule shall apply to all members of less than one year, regardless of whether or not such member has paid his original Local's initiation fee in full or only in part. In requiring a member to pay the higher initiation fee, this Local can only require payment of the difference between the higher initiation fee and the amount which the member has already paid.

### **Monthly Dues, Working Dues and Assessments**

**Sec. F.** This Local Union shall have the privilege of setting its own monthly dues structure and level provided, however, that the dues including any working dues assessed, shall not be less than two (2) times the established rate of the International working dues.

**Sec. Such working dues may be expressed in terms of either an absolute dollar amount per hour or a percentage per each hour, day, week, or month worked. Local working dues shall apply to all local union members and shall include all members of other Local Unions of the International Association who are working under a collective bargaining agreement within the Local's jurisdiction. The establishment of Local working dues, and any changes to such working dues, must be approved by a majority vote of the Local Union membership voting in a secret ballot election after written notice setting forth the time, date and place where the vote is to be held. The sole exception to the secret ballot vote required shall be if increases are necessary to comply with the minimum dues requirement set forth in Article 19, Section 2(B) of the International Constitution.

**Sec. I.** All dues increases shall be approved by a majority vote of the local union membership voting in a secret ballot election after written notice setting forth the time, date, and place when the vote on the dues increase will be held.
